Serial No 15

Letter no 65-L & R dated 7/12-33 from 13-1-33 from the Deputy Commr, for publication in the Gazette, inviting suggestions in respect of acqn of properties in Ambala town, required for extending the compound of the Roman Catholic church & for improving the sanitation of the place.

---

The D.C. states that the cost of acqn will be met out of the sum of Rs 300 deposited in the Treasury by the church authorities. Under the Govt of India Acqn Act, no acqn proceedings can be taken, unless the compensation thus awarded is to be paid by a company, or out of public revenues or some fund controlled by a local authority. It is therefore doubtful whether acqn proceedings can be instituted in the present case. Law Section may be consulted in the matter.

The decision in 25 Bom C R 228 makes it clear that the provision of Sec 6 and Sec 11 proviso must be complied with in substance and in spirit for the acquisition proceedings to be valid.

Accordingly para 4 of the instructions issued under the order of 23rd June 1927 lays down that part at least of the cost of acquisition must come out of the public revenues of the funds of local authorities.

Similar instructions have been issued by the Govt in their letter dated 2/5 May 1932

Thus the amount to defray the cost of acquisition must come out public revenues of the funds of Municipal Municipality initially, though an adjustment may be made subsequently.

Since a church is an institution serving a Community which is a part of the public the purpose of the acquisition would be a public purpose under Sec 6.
